DETAILED ACTION

SUPPLEMENTAL EXAMINER'S AMENDMENT

1) An Examiner's amendment to the record appears below. Authorization for this Examiner's amendment was given in a telephone interview with Mr. Murrell Blackburn (Reg No 50881)(concluding on Evening of 7/13/05, EST).

The application has been amended as follows:

11. (Currently amended) A computer-implemented method for generating a graphical object including a Format Cells dialog box for choosing the number format of a number in an electronic spreadsheet application program module, the method ~~dialog box~~ comprising:

generating a Category menu comprising a plurality of number categories to select for the number;

generating a Locale menu comprising a plurality of locales to select as the locale identification for the number independent of at least one of operating system regional settings and a language version of the electronic spreadsheet application program module; and

generating a Type menu comprising a plurality of sample display formats to select to display the number.

12. (Currently amended) The method ~~Format Cells dialog box~~ of claim 11 wherein the plurality of sample display formats is generated in response to a selection of one of the plurality of number categories and a selection of one of the plurality of locales.

Art Unit: 2176

13. (Currently amended) The method ~~Format Cells dialog box~~ of claim 11 wherein each of the plurality of sample display formats has a corresponding underlying number format.

14. (Currently amended) The method ~~Format Cells dialog box~~ of claim 13 wherein a selection of one of the plurality of sample display formats causes the corresponding underlying number format of the selected sample display format to be applied to the number independent of at least one of the regional settings and the language version of the electronic spreadsheet application program module.

18. (Currently amended) The method ~~Format Cells dialog box~~ of claim 13, wherein the underlying number format includes at least one of a calendar type of the number and a number shape of the number.

19. (Currently amended) The method ~~Format Cells dialog box~~ of claim 18, wherein the number shape is determined based on the selection of one of the plurality of number categories and the selection of one of the plurality of locales.

20. (Currently amended) The method ~~Format Cells dialog box~~ of claim 18, wherein the calendar type is determined based on the selection of one of the plurality of number categories and the selection of one of the plurality of locales.
